GOLF RANGE ASSOCIATION OF AMERICA AWARDS SPONSORSHIP

The mission statement of the Golf Range Association of America is to help golf professionals at all types of facilities to better use their range and practice areas to increase their facility revenues, enhance their personal careers and help grow the game of golf.

Building a core group of people who are highly successful and influential in the golf industry is essential to helping us achieve this mission. As a result, the GRAA has relaunched its awards program, recognizing the top teachers and facilities in the following categories:

- Top 50 Growth of the Game Teaching Professionals – Recognizing golf instructors who are focused on growing the game
- Top 50 Ranges/Private Facilities – Recognizing private facilities with 9 holes or more of regulation golf that recognize the importance of the range by emphasizing it as a core amenity essential to the facility’s instruction and clubfitting programs as well as the overall health of the facility itself
- Top 50 Ranges/Public Facilities – Recognizing public facilities with 9 holes or more of regulation golf that recognize the importance of the range by emphasizing it as a core amenity essential to the facility’s instruction and clubfitting programs while offering the general public a place to hone their own games through diligent practice
- Top 50 Ranges/Stand Alone Facilities – Recognizing stand alone ranges focused on instruction, clubfitting and providing the public with an introduction to the game of golf thereby helping the game grow
